

SMART URBAN INFRASTRUCTURE AUTHORITY (SUIA)

REQUEST FOR PROPOSAL (RFP)

Tender Title: Smart City Integrated IoT Command & Cloud Infrastructure Platform

Reference Number: SUIA/2026/IOT-RFP-098

Estimated Project Value: INR 8.50 Crore (INR 85,000,000)

Bid Submission Deadline: 30 Days from Notice Date

Project Execution Location: Central Command Facility and City Smart Zones

SECTION 1: STATUTORY ELIGIBILITY CRITERIA

1.1 Legal Status and Incorporation:

The Bidder must be a registered legal corporate entity under the Companies Act in continuous commercial operation for at least 5 years.

1.2 Industry Specialization:

The Bidder must demonstrate proven operational experience in Information Technology, Cloud Infrastructure, and Enterprise Security Solutions.

1.3 Non-Blacklisting Declaration:

The Bidder must submit a formal affidavit on non-judicial stamp paper confirming the firm is not blacklisted by any Central or State Government.

SECTION 2: FINANCIAL & ACCREDITED CERTIFICATION QUALIFICATIONS

2.1 Minimum Average Annual Financial Turnover:

The Bidder must have an average annual turnover of not less than INR 5.00 Crore (INR 50,000,000) during the preceding three years.

2.2 Positive Net Worth:

The Bidder must possess a positive net worth as of the latest audited balance sheet.

2.3 Mandatory Quality & Security Certifications:

The Bidder MUST hold active and accredited ISO 9001:2015 (Quality Management System) and ISO/IEC 27001 (Information Security Management System).

2.4 Optional Capability Appraisal:

CMMI Maturity Level 3 or higher appraisal is preferred and will receive supplementary technical evaluation consideration.

SECTION 3: TECHNICAL ARCHITECTURE & PLATFORM SPECIFICATIONS

3.1 Technology Stack & Microservices Architecture:

The core IoT Command platform must be engineered using Java, Spring Boot, React, Node.js, and REST APIs, deployed on a cloud-native infrastructure.

3.2 High-Throughput IoT Ingestion:

The platform architecture must reliably ingest, validate, and process real-time telemetry from at least 10,000 edge IoT sensors per second.

3.3 High Availability & Uptime SLA:

The production cloud system must deliver a minimum 99.9% High Availability SLA with active-passive automated failover and multi-region redundancy.

3.4 Data Security & Encryption:

All data at rest must be encrypted using AES-256 and data in transit via TLS 1.3 protocol.

SECTION 4: KEY PERSONNEL BENCH, PROJECT SCHEDULE & COMMERCIAL TERMS

4.1 Key Personnel & Engineering Bench:

The Bidder must field dedicated key personnel including a certified Project Manager (PMP/PRINCE2 with 8+ years experience

4.2 Project Implementation Schedule:

Complete supply, deployment, and commissioning must be achieved within 180 Days from contract signing date.

4.3 Earnest Money Deposit (EMD):

An EMD of 2% of total estimated tender value (INR 1,700,000) in the form of an irrevocable Bank Guarantee must be furnished

4.4 Liquidated Damages:

Delay in commissioning shall attract liquidated damages at 0.5% per week up to a ceiling of 10% of total contract value.
